class PDFs & slides

## CAPTURE

Record classes, mark highlights,  
take notes against slides

## STUDY

Enhance notes, take quizzes &  
study with a personal tutor

Jamworks

# PREPARE: Before class

- Upload documents, PDFs & slideshows
- Analyse, annotate & ask questions

# CAPTURE: During class

- Record & transcribe classes
- Mark highlights at the touch of a button
- Take notes against slides, at a comfortable speed

# STUDY: After class

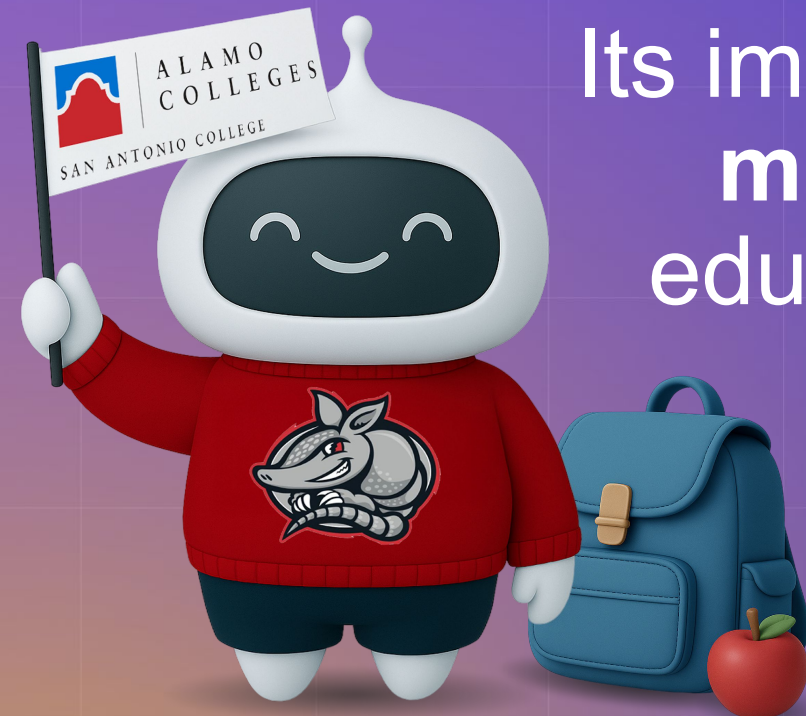

- Get personalized note improvement suggestions
- Test knowledge with flashcards & quizzes
- Study with a personal tutor, locked to learning materials
- Connect the dots across an entire library

# Key considerations

- Jamworks does not use customer data to train its own or 3rd-party AI models
- Jamworks' personal tutor cannot be used to produce essays or assignments
- All AI outputs are locked to specific learning materials: class transcripts, lecture slides & class reading docs

# Institution case study

Instrumental in encouraging students to persist in their academic journey by making learning more accessible and manageable. Its impact on grades and overall confidence **motivates** students to pursue further education and complete their degrees.

Case Study From San Antonio College

Jamworks

# Student case study

*“Since I started using Jamworks, my grades have gone up from a low 2:2 to multiple firsts, which has really boosted my confidence. It’s been fundamental in building my academic language, exam technique and helping to reach my full potential.”*

- Mandy, undergrad student at ARU Whittle

Jamworks

# 24-hour student survey!

- 96% feel more confident in class with Jamworks
- 89% say it has improved their grades
- 67% would have dropped out if not for Jamworks

*\* 79 respondents to a survey April 27-28, 2026*
